What FENA Offers You

- ◆ FENA is the only tractor and implement interest group in North America that is devoted exclusively to the Ferguson brand.
- ◆ FENA publishes a popular 16-18 page newsletter, *Ferguson Furrows*, which comes to you five times each year. It is not printed on glossy paper and has no color photos. It is, however, aimed at those owners, restorers, collectors and other interested parties who are enthusiastic and serious about Fergusons. Our aim is to keep the newsletter relatively simple. What we produce is a newsletter that provides practical and useful information of interest to our targeted readers. Our content includes:
 - historical stories & photos
 - parts sources
 - paint color codes & color schemes
 - sources for memorabilia
 - technical articles on restoring, repairing, and maintaining your tractor
 - Reader-contributed articles
 - useful web sites
 - profiles of some of our rank and file members
- ◆ FENA holds an annual national show called *Ferguson Expo*.
- ◆ FENA also works with members around the country to hold regional FENA shows for those who cannot attend the national show.
- ◆ FENA assists individual members with technical information on tractors and implements
- ◆ FENA provides free classified ads for buying and selling tractors, implements, parts, manuals, and memorabilia.
- ◆ FENA provides an opportunity for members to develop networks of fellow Ferguson Enthusiasts who can provide individual support and assistance.
- ◆ FENA has a web site that is highly rated by viewers all over the world.

Whether your tractor is one that still working in the fields and orchards, one that is being restored, one that is a show tractor, or you just enjoy the Ferguson Heritage, Ferguson Enthusiasts of North America would like to be of service to you. We welcome your membership.
